

## Heroscape Store Championships 2026 Event Brief

Thank you for hosting a Heroscape Store Championship! The 2026 Store Championship season takes applications for championships from January 12th to March 9th. Championships must be scheduled to be run between April 24th, 2026 and June 28th, 2026. The below guidelines apply to all Store Championships within this season. A new Store Championships event brief will be provided for each new Store Championships season.

A store is only permitted to run one Store Championship per season. Stores must apply on the Battle Network by clicking here: [Apply For Store Championship](#)

Here is a handy list of mandatory and recommended aspects each Store Championship should have:

### Mandatory

- Must be listed on the [Heroscape Battle Network](#).
  - Find a tutorial on how to create events on the Battle Network [here](#).
- All players must submit an army for the event on the Battle Network.
- All Store Championship events must be Contemporary format.
- All players must abide by the [Heroscape Floor Rules](#).
- Tournament Judges should be familiar with the latest [FAQ & Errata document](#).

### Recommended

- You may choose to use one of these recommended army building formats:
  - 425 points, 14 figure limit, 24 starting space limit
  - 460 points, 17 figure limit, 24 starting space limit
  - 500 points, 24 figure limit, 24 starting space limit
- We recommend setting a tournament round clock of 45-55 minutes.
  - Once time runs out, players should reach Order Marker Parity, ensuring that both players complete the same number of Order Markers. For instance, if Player 1 has revealed Order Marker 2 and is taking their turn when time runs out, Player 2 will also be allowed to reveal their Order Marker 2 and complete that turn before the game ends. After this, determine the winner by Point Scoring as described on [page 19 of the Heroscape rulebook](#).

- It is recommended to use maps from [Renegade's OP resources page](#).
    - Maps must be announced in advance of the event.
  - We recommend using any selection of the following Glyphs for your Store Championships:
    - Dagmar, Lodin, Valda, Wannok, Yadulkia, Ulaniva
    - Which glyphs will be used in the event must be announced in advance of the tournament.
  - Schedule enough time between rounds to make sure the event runs smoothly, and for lengthier tournaments consider inserting a short lunch break at a predetermined point between rounds.
-
